

Correction to “Norms of Behavior and Emotions in the Discourse Structure”

Stina Bjorkholm

In the published version of the article “Norms of Behavior and Emotions in the Discourse Structure” (DOI: <https://doi.org/10.25365/jso-2025-8656>), a reference was inadvertently omitted from footnote 3 on page 72. The corrected footnote should read:

“From the recorded conversation with Donald Trump (Fahrenthold 2016). I refrain here from speculating about what Trump actually intended to convey by this utterance in the context in which it was uttered. Rather, I take the utterance as an illustrative example of an utterance that in most contexts would convey the kind of derogatory content that I describe.”

The online version of the article has been updated accordingly. This correction does not affect the article’s conclusions.

We apologize for the oversight.
